Water Education for Latino Leaders

5th Annual Conference

Water in California

WELL is convening a state-wide educational water conference on March 23-24th, 2017 in San Diego for California local elected officials. Local elected officials can make a difference for all Californians by taking the necessary steps to understand the dynamic of California water to assure adequate clean water for our communities, protect our natural resources and our local economies. Our hope is to facilitate understanding towards comprehensive long-term water policies that will sustain California's economy and quality of life. We invite you to participate!

**Sponsored by Water Education for Latino Leaders,
and the Water Foundation.**
